

Predator Boot 5.5mm Round Toe GBS Armoured

401.10100.000

The Prolimit predator unisex boot is our warmest armored boot on the market. The armored insole protects you from sharp objects which can cut into your feet. The glued and blind-stitched seams keep the water from getting in and the 5.5mm neoprene makes sure your feet stay warm. The boot has a reinforced heel for extra support. The difference between the rt and st is that this boot has a round toe.
