

Mercury Stretch Vest Half Padded Frontzip

402.63089.010

Designed to use in combination with a waist harness. Half padded construction for extra space for a waist harness and maximum freedom of movement. The lower back section of the vest has the grip wave tech area. This grip area prevents the harness from sliding. Ykk front zip for easy entry.

- Made out high stretch neoprene with high-density foam.
- CE approved
- GRIP WAVE tech on half padded vest
- 100% neoprene in- and outside layer
- Memory foam
