

Electric Pump With Battery 20 PSI

407.70757.000

Electric Pump With Battery 20 PSI

407.70757.000

Dual stage pump:

1. Extra fast pumping at low pressure; 2. Normal speed to reach high pressure. Automatic stop when selected pressure is reached.

Inflates a 10'6 iSUP board in 4min30s to 10 PSI, in 9min30s to 20 PSI

1,20 m quality hose and 3m powercord.

Power input: 220 V adapter and 12V cigarette plug for charging in your car.

With a 100% charges battery you can inflate 3-4 boards.

- Dual stage inflation
- USB port for charging devices
- Led light to use it as a lantern
- Digital display with batterystatus and pressure
- Construction prevents overheating
